FAQ -

What is the New England Amateur Skating Foundation?

The NEASF is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code. Its mission is to help competitive skaters defray their skating-related expenses.

What percentage of your donation actually goes to the skater?

The NEASF charges no fees and there are no deductions of any kind. Volunteers pay all of the operating expenses of the Foundation. All donations are used to help the skaters.

How does the NEASF work?

Donations are received from both individuals and corporations. The monies collected are then used to defray only skating related expenses such as ice time, coaching fees, costumes, choreographers, off-ice training, equipment and travel.

How are the funds allocated?

The NEASF Allocations Committee reviews its information about a skater and allocates funds accordingly.

How does the skater receive money from the fund?

The skater must submit their bill or bills signed by the skater as well as their skating professional (coach). If the skater is under 18 years of age, the bill(s) must be signed by a parent and skating professional (coach). Payment is made directly to the vendor or provider of services.

Is my donation tax-deductible?

The NEASF is a tax-exempt organization organized under section 501(c)(3) of the Internal Revenue Code. Donations, therefore, are usually deductible. You should consult with your tax accountant or advisor as to how your contribution is to be treated.
